

Welcome to Henry County Schools,

It has been my privilege to serve the students and community of Henry County since 1991 as a teacher, principal, assistant superintendent, and now as superintendent. During this time we have seen much change as our school system has grown to become the seventh largest school system in Georgia with almost 40,000 students. What has not changed is our commitment to excellence and our determination to help students achieve academic success.

Our mission is founded in the classroom where we must ensure success for each student. Great opportunities lie ahead, and this is an exciting time for Henry County students and families. We look forward to continuing success and increasing results from standards-based instruction and assessment. It will take our entire community working together to fully develop our most precious resource, our children and future adults.

I am proud of our students, teachers, support staff, and community members who work so hard each day. We are privileged to have a Board of Education that has earned honor as a Georgia Board of Distinction and to be accredited system-wide by both the Southern Association of Colleges and Schools and the Georgia Accrediting Commission. These recognitions are a testimony to the hard work of our community.

Let us together focus on academic rigor and relevance for every student. Let us together build relationships so every student feels the sense of belonging in our schools, so every staff member is an integral part of collaborative teams striving for student success, so that parents and community members are welcome to support our efforts. Let us together develop the effective processes that support and accelerate student learning. We have accomplished so much, and let us continue to strive forward together.

Again, welcome to Henry County Schools. In all that we do, please let us know how we can better serve you, our students and families of Henry County.

Sincerely,

A handwritten signature in black ink that reads "Ethan Hildreth". The signature is written in a cursive style with a prominent initial "E".

Ethan Hildreth  
Superintendent  
Henry County Schools
