

Environmental Science Club
Union Grove High School
120 East Lake Road
McDonough, GA 30252

October 20, 2011

Dear Parents/Guardians,

The UGHS Environmental Science Club is participating in the FundingFactory® Recycling Program! This fundraiser is FREE and simple because there's nothing to sell, no paperwork to fill out and no deadline. The program runs year-round, accumulating constant income for our efforts. But we won't get very far without your support. Please donate your empty printer cartridges, cell phones, small electronics, and laptops to the Environmental Science Club and we'll take it from there! We will recycle the cartridges, cell phones, small electronics, and laptops through FundingFactory to raise money to purchase recycling bins for all classrooms and offices.

Last year alone, more than 300 million cartridges were thrown away, while 30,000,000 cell phones were tossed or replaced. We're alleviating the volume of waste that goes into landfills, while raising money we need to help our school "Go Green". Your help is vital to our fundraising success. Cartridges, cell phones, small electronics, and laptops can be dropped off at the following locations: UGHS Front Office, Room 411, and Trailer #9

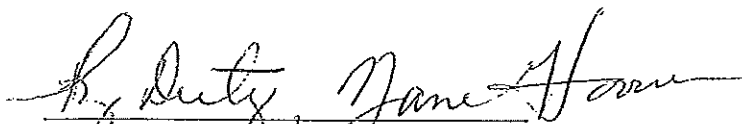

FundingFactory also sponsors a businesses support program, where your employer can help out the Environmental Science Club without spending a cent. FREE prepaid shipping labels can be sent, free of charge, directly to any business, organization or other facility within the continental United States. Business supporters simply need to load boxes, apply a FREE prepaid shipping label and leave them for the next UPS pickup. If you work for a company that may be interested in supporting us, please call FundingFactory toll-free at 1.888.883.8237. Give the customer service representative our school identification number, 276147, and they'll set you up to support our account.

We are also partnering with Grab Green, a company that sells environmentally friendly cleaning products for your home. The company is offering a 10% product discount when you use the promo code: `grove25` and they will donate 25% of each purchase to the UGHS Environmental Science Club. These products will allow you to maintain a clean house while minimizing your exposure to household chemicals.

If you have any questions about these great opportunities, please feel free to call us at: (678) 583-8502 or e-mail us at: aduty@henry.k12.ga.us or zhoover@henry.k12.ga.us

Thank you for your support!

Sincerely,

Amy Duty and Zane Hoover
