

SAVE DIMES TO SAVE LIVES

Dear UGE Parents and Students,

On April 27th and 28th, Unity Grove Elementary will have a team participating in the Henry County Relay for Life to support the American Cancer Society. Many of us, have had loved ones or friends that have been affected by cancer. We are doing several fundraisers at UGE to raise money for our team, which goes to the American Cancer Society for research in finding a cure for this disease. Please help us if you can in being a small part of finding a cure!

Beginning next week, February 13 and extending through April 20, we will be doing a fundraiser called "Save Dimes to Save Lives." Each class will have a 20-ounce water bottle to use to save the dimes. Each bottle will hold \$100 worth of dimes. If each homeroom filled up a bottle, our UGE team would have \$4100 to donate to the ACS!!!

The classes that fill up their water bottles will receive:

- February 29th - \$25 raised=Popcorn party
- March 30th- \$50 raised= Ice cream
- April 20th - \$100 raised= Pizza

WE CAN DO THIS UGE FAMILY! START SAVING THOSE DIMES!

Sincerely,

Relay for Life Committee

Beth McKenney, Stacey Adair, Terrie Kenon, Stacy Holmes and Gina Hoover
