

WHAT DOES THE HMS FAMILY RESOURCE CENTER OFFER TO PARENTS AND FAMILIES FOR THE VIRTUAL SCHOOL TERM 2020-2021

Although our learning techniques may change our goals will continue to focus on partnerships with our student’s parents and families to ensure all our students are provided with support, materials, and resources to enhance their academic journey here at Hampton Middle School.

- We offer virtual Workshops for Parents, Family, and Guardians of HMS students to find out the best ways to help their students at home.
- We have academic resources available to parents and families. For example, if a student is having a problem in Math or Science we have workbooks and other materials to checkout to use at home.
- Parents and Family members if you have any problems or concerns: **Remember Your Voice Matters! We Need Your Input!**

“Education is the most powerful weapon which you can use to change the world”

Janice R Sams

HMS-Parent Involvement Professional Room #606 (Call or email me for appointments)

What are some resources you will like see in our FRC that will benefit your child’s education?

What are some good times for you to attend our virtual workshops that we have to offer?

What’s the best way to contact you via phone calls or emails?

Thanks!
