## A Little About Me

Hi! My name is Denis Stuckey. This year marks my 8th year of teaching math. My first three years were in 6th grade, the next four were 7th grade and this year will be my very first year teaching 8th grade math. I am very excited to begin teaching this new content to our returning/new Hampton Hornets.

## Grade Level and Content

8th Grade Math

## A Few Of My Favorites

- Listening to music
- Playing video games
- Spending time with my wife and daughter
- Watching Movies

## My Education

I obtained my Bachelor's degree in Mathematics from Valdosta State University in May 2013. Shortly after I earned my certification to teach Middle Grades Mathematics.
