MISSION

Ensuring Success for *Each* Student

VISION

Providing meaningful learning experiences for each child, each day.

GOALS

1. During the 2017-18 school year, all classroom teachers will implement the Lucy Calkins Writing Units of Study that will yield a student writing portfolio with three published writing pieces and increase student performance by 3%, as measured by district and state assessments.
2. During the 2017-18 school year, teachers will engage in the identification of student learning targets in the area of math to provide specific content instruction that will help increase student performance by 3%, as measured by district and state assessments.

Our Belief

We believe that all children can learn. We believe that our job, as educators, is to meet the learning needs of each student in our building. We believe that every day is a great day to learn something new.
