- Valdosta State University – M.ED Middle Grades Math and Science 2016

**Mrs. Shackelford**

**Educational Philosophy**

As a teacher of Henry County Middle School, I promise to ensure that every student that comes through my door has the tools to prepare themselves to be successful in the future. As a teacher it is my job that my students are in a safe and comfortable environment that is conducive to promoting the highest level of learning. I promise to give my students a very powerful tool that no one can take away, knowledge. As a teacher I promise to never stop learning about my students, environment, and content knowledge.

I realize as a teacher I am one of the major influences on a student's education. I am a window to the learning that could affect students' future as well as their everyday lives. As a teacher of Henry County Middle School, it is my job to encourage my student to continue on in their learning, even when it is difficult.

"A good teacher can inspire hope, ignite the imagination, and instill the love of learning." Brad Henry
