Welcome 7th Grade Scholars and Parents,

Welcome to seventh grade at Dutchtown Middle School where we strive to build excellence everyday. As we begin the school year, we are extremely excited to be a part of the village that will help to shape the life of your child. Seventh grade is an incredible adventure. It's filled with wonderful activities and experiences. The 7th grade scholars will have fun in various ways (e.g. science experiments, the exploration of other countries, real- world connections through reading and writing, math investigations, etc.). They will write stories, read fantastic books, make new friends, and learn how to be a much more independent learner!

At DMS, learning is a team effort and we have a common goal. This is to help your child achieve. To do this, every teacher will utilize each class day to enrich your child's learning. We are committed to teaching with rigor and relevance, to build relationships, and to get results. Therefore, the scholars will be assigned projects, assessments, and homework that support classroom instruction. We will send emails and reminders as a means of communication so that you are informed about matters that are related to your child and his/her learning. We ask for your support which includes reminding your student about his/her daily homework, implementing and encouraging daily reading activities (at least 30 minutes per day). Also, ensure to accompany the student to our school activities, and email when you have questions or concerns. Finally, support the scholar during the various challenges of becoming an independent middle school scholar.

Please use the table below for your child's daily schedule. The school day for scholars runs from 8:50 am - 4:00 pm each day. On Fridays, scholars will attend Homeroom/Advisory from 8:50 am - 9:50 am, and have the opportunity to voluntarily attend office hours as needed. Scholars may be invited to office hours on Friday to provide more individualized instruction in a small group setting.

Once again, welcome to the 7th grade. Undoubtedly, every stakeholder plays a major role in our scholars' achievement because we are ALL in this together. We look forward to a year of fun and learning!
