

Dear Parents/Guardians, Students, and Community Members:

It is with great joy and excitement that I write this letter to introduce myself as your new Mental Health and Wellness Facilitator. This position will allow me to observe and support students and staff. My duties are aligned with the district's Strategic Plan, that will support student health, wellness, and support structures in schools. Our district has outlined strategic priorities for all Mental Health and Wellness Facilitators at each school to:

- Help students navigate successfully
- Positively impact school culture and climate
- Support students and staff
- Help support students academically, emotionally, and socially

Together, I stand with parents, students, and facilities at Mt. Carmel Elementary ready to support and encourage. I look forward to serving you and our Mt. Carmel community as we embark on an amazing new school year!

Please feel free to contact me at [isis.hayes@henry.k12.ga.us](mailto:isis.hayes@henry.k12.ga.us).

Welcome back to a new and exciting school year!

Respectfully,

Isis Hayes

Mental Health and Wellness Facilitator

Mt. Carmel Elementary
