3. Complete the Math Practice Sheet in the Agenda each night.

### Looking Ahead:

<b>Aug 23</b>	5th Grade T-shirt Orders due
<b>Aug 26</b>	Intro to 4-H in cafeteria Bus Evacuation Drill
<b>Oct 11</b>	End of Term 1

MAP testing for the Fall begins this week. We will take two tests: Math and Reading. This will be a very important starting point for us this year. We also begin our year with two different Reading tests: F&P which tests fluency and comprehension and Phonics which tests pronunciation. Math will also have a one-on-one test this year called GLOSS that will help us see what stage of mathematics our students are at. It seems like a lot of testing, but the information we gain from this will be invaluable in helping us help our students. Please contact me with any questions or concerns! Have a super week!
