Give details: _____

I authorize the principal or his/her designee to give medicine to my child according to the stated directions.

Parent/Guardian Signature Date

I authorize the principal or his/her designee to contact my child's physician if additional information regarding medication is needed.

Parent/Guardian Signature Date

PLEASE NOTE

The principal or his/her designee will dispense medicine to students according to the following guidelines:

Medicine cannot be given without written permission and instructions from the parent/guardian. A new *Medication Authorization* must be completed whenever a new medicine or dosage is to be given to the student.

The parent must bring medicine and related equipment to the principal or his/her designee. The student must not be in possession of medicine unless approved by the principal. All medication must be kept in the school office.

Prescription medicine, including inhalers, must be in the original labeled container. Over-the-counter medicine must be in the original container and marked with the student's name. Sample medications can only be given when accompanied by a physician's note indicating the sample is for the student's use.

The parent should pick up unused medicine from the principal or his/her designee. Any medicine not picked up will be discarded at the end of each school year. Medicine will not be sent home with the student.

If the student is injured or becomes ill while at school, the principal or his/her designee will attempt to notify the parent/guardian and act according to their directions. If the parent cannot be reached, the principal will take the actions necessary to protect the health and well-being of the student.
