

# PARTNERS-IN-EDUCATION Partnership Plan

The Partners-in-Education Program is coordinated by the Henry County School System and the Henry County Chamber of Commerce. Our mission is to develop partnerships between schools and businesses, industries, and community groups to support student achievement.

**Partnership Activities (to be completed collaboratively by community partner and school representative)**

This plan signifies a commitment to the partnership for a period of **two school years**. The plan should highlight the most significant activities/contributions planned as a result of the partnership. This document is a starting point for planning and should not limit the activities of the partnership. Both parties should be aware that additional needs and opportunities may arise.

<b>IMPORTANT NOTICE</b>		
<p>Per Henry County Board of Education Policy KEB, Solicitations, the solicitation of students on the part of a business, industry, organization, or individual for the purpose of selling a product, service, or membership to the students or to their parents through the students shall be prohibited on school grounds. This prohibition includes the distribution of flyers, cards, or any other items that could constitute advertising by naming or promoting the business, industry, organization or individual that would profit from such advertising. School officials are instructed not to sign business contracts.</p>		

**Thank you for supporting our students, teachers and schools!**
