Castles in the Sand

I want to build a sand castle, but I have to get to the beach! Help me answer these questions and follow the trail to the shore!

START!
There are 2 paths to the right and 3 paths on the left. How many paths in all?

On the path to the beach, I see 7 tall trees and 3 short trees. How many more tall trees did I see?

I made it to the beach! There are 4 people playing Frisbee and 6 people playing in the water. How many people are at the beach in all?

There are 5 birds flying over the water and 3 birds walking on the sand. How many birds are there total?

I laid out 3 beach towels, then my friend picked 2 of them up. How many towels are out now?

There were 10 people at the beach. 5 more came to play. How many people are at the beach now?

I got 4 buckets full of sand, then went for 4 more. How many buckets full of sand did I get in all?

12 kids are building sand castles. 6 kids are playing in the water. How many more kids are building sand castles?

Finish!! I FOUND THE BEACH!
House Hunting

Circle the greater number.

9 15  20 26  22 25  28 10  24  4  16 17  13 19 15  12 7  26 12  18 30  8 29

Bonus: Pick five numbers from above. Write the numbers from least to greatest.
How many words can you make with the letters in Submarine?

</tbody>
</table>

**Bonus:** Draw 2 things that end with **n** like **n**. Label each drawing.
A flamingo is a bird. It has pink feathers. It has two long legs. It has a long curved, pink beak. When it is a baby, it is gray.

5. What is one thing on a flamingo's body?

6. What do flamingos look like as babies?

7. Illustrate what the front cover may look like.

8. Illustrate what the back cover may look like.
