

HOW TO USE YOUR CHILD'S MILESTONES

HENRY COUNTY SCHOOLS

END OF GRADE (EOG) ASSESSMENT

ISR

Individual Student Report

How well did my child master the state standards in the core content areas?

You can learn about your child's achievement by reading the **ISR (Individual Student Report)**. The first section of the ISR contains your child's overall performance on the Georgia Milestones in the tested core content areas for your child's grade level. You will see your child's Achievement Level and Scale Score in the tested core content areas.

UNDERSTANDING ACHIEVEMENT LEVELS

Overall Performance in a Tested Area

Distinguished Learners demonstrate advanced proficiency, are well-prepared for the next grade level, and are well-prepared for college and career.

Proficient Learners demonstrate proficiency, are prepared for the next grade level, and are considered to be on track for college and career readiness.

Developing Learners demonstrate partial proficiency and needs additional academic support to ensure success in the next grade.

Beginning Learners do not yet demonstrate proficiency and need substantial academic support to be prepared for the next grade.

EXAMPLE

CONTENT AREA	ENGLISH LANGUAGE ARTS	MATHEMATICS	SCIENCE	SOCIAL STUDIES
ACHIEVEMENT LEVEL	LEVEL 4 DISTINGUISHED LEARNER	LEVEL 3 PROFICIENT LEARNER	LEVEL 3 PROFICIENT LEARNER	LEVEL 2 DEVELOPING LEARNER
SCALE SCORE	606 Scale Score Range 587-780	542 Scale Score Range 525-779	571 Scale Score Range 525-894	482 Scale Score Range 478-526

In what areas would my child benefit from additional academic support?

Each content area comes with an individual Domain report. The Domain report details how your child did on specific groups of standards.

To look for specific areas where your child may need additional academic focus, first look for content areas where the student scored as a beginning or developing learner. Once you have identified areas of concern, you can look to the domain reports for more specific areas to discuss with your child's teacher.

UNDERSTANDING PERFORMANCE LEVELS

Overall Performance in a Tested Area

Remediate Learning means that your child is performing well below the mastery level on a domain.

Monitor Learning means that your child has not consistently demonstrated mastery-level performance on a domain.

Accelerate Learning means that your child is performing at or above grade level on the domain.

EXAMPLE

Domain Category	Performance
Colonization through the Constitution	<input type="radio"/> Remediate Learning
New Republic through Reconstruction	<input checked="" type="radio"/> Accelerate Learning
Industrialization, Reform, & Imperialism	<input type="radio"/> Remediate Learning
Establishment as a World Power	<input type="radio"/> Monitor Learning
Post-World War II to the Present	<input type="radio"/> Monitor Learning

How can I use this information to enhance my child's learning?

- In the fall, meet with your child's teacher and discuss this report with them. Discuss ways the teacher will meet your child's needs - how they will remediate or accelerate in areas of need.
- Meet with your school's counselors and/or graduation coach to ask the school for activities you can use at home to support your child in the content areas that demonstrate an area of need or acceleration.
- Encourage your child to ask about, share, and monitor his/her own performance on assignments, quizzes, or any exams in the coming year.
