Learning Modality Change Requests

Henry County families were provided an option to select between remote learning and on-campus learning. Families are asked to commit to a 9-week term for their selection. If a change in modality is necessary for unforeseen circumstances, complete the request form below. Return the form to Toni.obenauf@henry.k12.ga.us If a student is sick and needs to work remotely for only a few days, a modality change is not required.
