September 28, 2021

Dear Parents and/or Guardians,

At Pleasant Grove Elementary, we are soaring to new heights! I am so excited to announce that we will unveil the Georgia STEM Certification banner on October 8, 2021. All students and staff are asked to wear **blue** on this special day. The banner ceremony will take place virtually at 8:30 a.m. We will highlight the achievements of the staff and students during this time. The morning of the event, the link for the ceremony will be shared on PGE's website. Please make plans to join us.

As reminder, we are quickly approaching the end of the first grading period. Students last day to submit missing or make-up assignments, for this grading period, is October 8. Please note, students will receive the grade earned for each subject. The lowest two grades (per subject) will be dropped. We want all of the students to be successful and to grow academically; therefore, those who are at risk of failing will be given the opportunity to re-engage and re-test in order to master grade level standards during the grading period. Report Cards will be available via Parent Portal on October 14.

We are proud that PGE is a Title I Distinguished School, and our outstanding PIP, Ms. Perrier offers an array of educational resources for parents to check out from the Family Resource Room to support Home-School Connections. Please send written requests to Ms. Perrier at Melissa.Perrier@henry.k12.ga.us or the classroom teacher for needed materials. It is our goal at PGE to remain connected to the school community. Thank you for your continued support and stay safe.....Go Wolves!

Sincerely,

A handwritten signature in blue ink, appearing to read 'T. Copper', with a long horizontal line extending to the right.

Mrs. T. Copper
Principal
